

How do marketers secretly track your every move?

Today's advertisers spy on what you do, collect your personal data online and sell it to the highest bidder. How does this affect the news, information and entertainment you receive?

Digital Media at the Crossroads: *Content and Control in the Internet Era*

Jeff Chester will explore the latest developments in personalized data targeting, the role of the leading online marketing companies, new approaches to policy, its impact on diverse media content, and how we can act, together, to secure the future of democracy and human rights in the Internet era.

Jeff Chester, Executive Director,
Center for Digital Democracy, WASHINGTON, DC
